

**FOR OFFICIAL USE ONLY**  
DIRECTOR OF CENTRAL INTELLIGENCE  
**Security Committee**

SECOM-D-326

27 September 1982

MEMORANDUM FOR:   
Chairman, SECOM Compartmentation Subcommittee

FROM:   
Chairman

SUBJECT: Revision of DCIDs

STAT

STAT

1. Now that the DCID setting the mission and functions of the Security Committee has been issued, I have been tasked to ensure that the other DCIDs for which SECOM is responsible are updated. Your subcommittee completed action on the former DCID 1/19. The revision of that is at the printers and should be available for distribution to the Community soon.

2. I request that you cause your subcommittee to review and revise DCIDs 1/7 and 1/20. Unless the Community sees a need for substantive revision, it appears that relatively minor editorial changes would be sufficient to update those directives. From a format point of view, both documents should open with a statement beginning with "pursuant to the provisions of the Director of Central Intelligence Directive (DCID) on the Security Committee, policy is herewith established for ..." and ending with a description of the nature or object of the policies involved.

3. Please provide draft revisions of these directives for SECOM review by 5 November 1982.
